Down Damn Yankees! Brash Bronx Bastards!

This has been wonderful. A grand season is being had by all. So exciting.

And there is a different hero everyday. First there is Wakefield and Hanson, then Cormier, Belinda -- never mind Mo and Jose and Mike, Tim, Lee, Troy and Mac the Catch, Johnny V and then Rog to come -- and on and on. Who did I miss . . . Hudson and James? Oops -- Luis and Ag. And whomever.

Who are these masked men? Where did they come from?

Dazzling Dan supplies them and Karma Kevin brings it all to fruition.

Dick Bresciani promises an Irish contingent who will give insight into the future of Fenway and the World Series starting lineup -- plus some.

Henry is back on his feet and will have a short show for us to credit this TEAM of DESTINY. And a lot of crediting to be done.

Tom Maloof will read from the INTERNET which has windows galore on the BLOHARDS. I will explain how the thermos works. How do it know?

Dues due. Still only \$10.00.
